

1. DEFINITIONS - “Buyer” means Fatigue Technology, Inc. “Seller” means the business entity to which this purchase order is addressed, including Seller’s principal if Seller is acting as a broker or agent. “Order” means this purchase order, including all terms and conditions on the face and reverse side and all specifications, quality requirements and drawings referenced herein or issued hereunder. “Goods” means those parts, articles, materials, drawings, data, or other property or services that are the subject of this Order.

2. CONTRACT FORMATION - If this Order is deemed to constitute acceptance of an offer, such acceptance is expressly made conditional on Seller’s assent to the terms of this Order, and shipment of any part of the Goods or other commencement of performance will be deemed to constitute such assent. Any additional or different terms in any offer or acknowledgement by Seller are expressly rejected by Buyer and will not be deemed accepted by Buyer unless Buyer’s acceptance thereof is in writing and specifically refers to each such additional or conflicting term.

3. INVOICING; PAYMENT; PRICE WARRANTY - A separate original invoice is required for each shipment under this Order. Buyer will pay for the Goods within seventy-five (75) days after the later of the date of Buyer’s receipt of the applicable invoice or the date acceptable Goods are received by Buyer (but not earlier than the specified delivery date), unless a different term has been agreed upon in writing. Seller warrants that the prices charged to Buyer are no higher than the lowest prices charged to any other customer of Seller or any of Seller’s affiliates during the past twelve months for the same or comparable Goods. Seller agrees to comply with all invoicing instructions of Buyer.

4. ORDER CHANGES - Buyer may at any time, by written notice to Seller, make changes in the drawings, specifications, quantities, delivery schedules and shipping instructions under this Order. If any such change increases or decreases the cost of performing or the time required for performance of this Order, an equitable adjustment in prices and/or schedules will be considered by Buyer provided that any claim by Seller for such adjustment is presented in writing with supporting documentation to Buyer within ten (10) business days from the date of Buyer’s notice to Seller. No changes whatsoever will be initiated by Seller without Buyer’s written approval.

5. TAXES - Prices stated include all taxes directly applicable to the Goods unless otherwise specified. Notwithstanding the foregoing, Buyer will only be liable for such federal, state and local taxes that Seller is required by law to collect from Buyer.

6. PACKING AND CRATING GOODS FOR DELIVERY - Goods will be suitably prepared for shipment to secure the lowest transportation rates (unless a premium method is specified on the face hereof) and comply with all carrier regulations. No charges are allowed for packing, crating, freight express, or cartage unless authorized by Buyer.

7. ROUTING, RISK OF LOSS, EXCESS SHIPMENTS AND DELAYS - (a) Time is of the essence in the performance of this Order by Seller and Seller will take all necessary action, both normal and extraordinary, to ensure timely deliveries. (b) Buyer may select mode of transportation, routing of, and carrier for the Goods. Seller will be liable for excess transportation costs resulting from deviation from Buyer’s instructions or promised delivery dates. (c) Title and risk of loss to Goods will pass to Buyer at Buyer’s dock. (d) Buyer’s weight and count are conclusive, and Buyer will have no liability for payment for Goods delivered in excess of the quantity ordered. Excess Goods may be returned to Seller at Seller’s expense. (e) If, prior to time for delivery of the Goods, Seller has reason to believe that it will be unable to meet its delivery schedule, Seller will immediately notify Buyer in writing, will indicate the cause of delay and will use its best efforts to cure the anticipated delay. Upon receipt of notice of the anticipated delay or upon occurrence of an actual delay, Buyer may (I) direct expedited routing of Goods, with excess costs paid by Seller, or (II) cancel the Order and purchase substitute Goods elsewhere, with resulting excess costs and expenses paid by Seller.

8. INSPECTION OF GOODS; REJECTION OF GOODS AND REVOCATION OF ACCEPTANCE - Buyer, its customer, and/or regulatory agencies will have the right but not the obligation to inspect the Goods before paying for or accepting them. Where a specification number is noted for Goods, Seller must supply a report signed by an authorized official of the company confirming manufacturing of Goods to the specification and such report must accompany Goods upon delivery. This report must bear the Buyer’s Order number and description of the Goods shipped. Seller shall furnish Defense Federal Acquisition Regulation Supplement (DFARS) compliant raw materials in accordance with applicable current regulations issued by the United States Department of Defense. Seller shall bear the full responsibility of inspecting the Goods to ensure that the Goods meet all requirements of Buyer at Seller’s facility prior to shipping them to Buyer. Buyer’s action in paying for or accepting any Goods will not constitute a waiver of any rights or remedies of Buyer, including Buyer’s right to revoke acceptance and return any part of the Goods or the right to make a claim for damages because of the failure of the Goods to conform to this Order. For all non-conforming Goods, Seller will provide Buyer, at Buyer’s election, a full refund or replacement of the Goods, at Seller’s risk and expense, including transportation costs both ways. Buyer may, at its option, purchase substitute Goods in lieu of non-conforming Goods, and Seller will be liable for the difference in costs, less expenses saved by Buyer. Buyer’s rights herein will be in addition to all other rights of Buyer under applicable law.

9. CERTIFICATE OF DESTRUCTION - Goods dispositioned for scrap shall be conspicuously and permanently marked, or positively controlled, until physically rendered unusable. Seller and its sub-tier suppliers responsible for scrapping Goods for whatever reasons should provide a valid certificate of destruction to Buyer.

10. QUALITY; WARRANTIES - Seller shall provide and maintain a quality system subject to approval by the Buyer. Implementation of this system shall be to the extent appropriate to the Goods. The supplier shall notify Buyer of any change in the location of supplier's facility. Seller warrants that all Goods delivered will strictly conform to the Order and all applicable specifications, quality documents and drawings, will be of good design, material, and workmanship, will be free of defects, will be merchantable and fit for their intended purpose, and will meet all applicable industrial and governmental safety standards. Seller further warrants that Seller will have title to and the right to sell such Goods at the time of delivery, and that all such Goods will be new (unless otherwise specified in this Order) at the time of delivery. Seller will also transfer to Buyer the warranties on Goods and services incorporated into Goods. All warranties will survive any inspections, delivery, acceptance or payment by Buyer, and will run to Buyer, its successors, assigns, customers and users of Goods. Seller will repair or replace, without cost to Buyer, all defective or nonconforming Goods, and pay for all other resulting damage, loss or claims arising out of defective or nonconforming Goods. Seller's warranties with respect to repaired or replaced Goods will be the same as the warranties given with respect to the original Goods. No approval of Seller's designs, drawings, samples, test results, procedures, processes, schedules or other items by Buyer under this Order will in any way limit or diminish Seller's warranties hereunder.

11. INDEMNIFICATION - Seller agrees to defend, indemnify and hold Buyer, including its officers, directors, employees, parent, subsidiaries, affiliates and agents (collectively, the "Indemnified Party"), harmless of and from any claim, loss, cost, damage, settlement or judgment arising out of Seller's provision of Goods to the Indemnified Party or the presence of Seller's employees, agents or subcontractors on the Indemnified Party's premises. This duty to defend, indemnify and hold harmless extends to any legal claim or proceeding, whether based on contract, warranty, infringement, strict liability in tort, negligence or other legal theory, and also extends not only to third party claims but also to any loss suffered directly by the Indemnified Party. Buyer is entitled to control Seller's defense of Buyer hereunder.

12. INSURANCE - Seller will furnish to Buyer a certificate of insurance showing that Seller has obtained insurance coverage in the following minimum amounts (or such higher minimum amounts as Buyer may, in its sole discretion, specify in writing): (a) Worker's Compensation - statutory limits for the state or states in which the work is to be performed; (b) Employer's Liability - \$1,000,000; (c) Commercial General Liability - \$1,000,000 combined single limit per occurrence including Premises and Operations, Independent Contractors, Contractual Liability and Products and Completed Operations coverages; and (d) Automobile Liability (including owned, hired and non-owned vehicles) - \$1,000,000, combined single limit per occurrence. Such certificate will set forth the insurance company, amount of coverage, the policy numbers, and date of expiration, and will include a thirty days notice of cancellation to Buyer clause. Buyer must be named as an additional insured party under each of these policies with the exception of the policy covering worker's compensation liability.

Such insurance coverage must be maintained by Seller at all times while it is performing work under this Order. Compliance by Seller with these insurance requirements does not affect Seller's indemnification or other liabilities under this Order.

13. TOOLING - Buyer may at any time reimburse Seller for the cost of any tooling and fixturing used in the manufacture of the Goods hereunder, and upon such reimbursement Buyer will become the owner and entitled to immediate possession of such tooling and fixturing. Buyer will also be the owner of any tooling and fixturing included separately in the price paid by Buyer. Seller will, to the extent feasible, identify such tooling and fixturing as Buyer directs and will, when this Order has been completed, dispose of such tooling and fixturing only in accordance with Buyer's written instructions. Seller assumes complete liability for any Buyer-owned or Buyer-furnished tooling and fixturing and Seller agrees to pay for all repair, maintenance and replacement of such tooling and fixturing.

14. BUYER'S PROPERTY; CONFIDENTIALITY - Seller shall be liable for the safe keeping, and maintaining the preservation, of materials, tools, designs, patterns, drawings and other property of Buyer in its possession and shall replace or repair without cost or expense to Buyer all such property which is lost, damaged, or destroyed while in Seller's possession. Buyer retains title and ownership of all information, materials and intellectual property furnished to Seller in connection with performance of this Order, and the same will be: (i) treated as Buyer's confidential information, segregated from Seller's property, and individually marked and identified as Buyer's property; (ii) used by Seller exclusively for the purpose of completing this Order; and (iii) returned to Buyer at Buyer's direction or upon completion, termination, or cancellation of this Order, along with all copies or reproductions, unless otherwise agreed in writing by Buyer.

15. CANCELLATION - This Order may be cancelled by Buyer at any time in whole or in part by oral notification followed by written confirmation to Seller. Seller will immediately cease performance under the Order upon receipt of notification of cancellation (unless otherwise specified by Buyer). Seller must submit a cancellation statement to Buyer no later than 30 days after the effective date of cancellation. Any reimbursement to Seller must be mutually agreed upon and will not exceed (i) the contract price for completed goods accepted by Buyer and not previously paid for and (ii) the actual costs incurred by Seller directly in connection with the cancelled Goods that were within lead time at the effective date of cancellation. In no event will Buyer be responsible for any loss of profit or for payment for any work that is or may be rejected upon inspection or does not conform to Buyer's specifications or Order requirements.

16. END OF LIFE - In the event Seller intends to replace or discontinue the manufacture of a Good, Seller will give Buyer at least six (6) months prior written notice and accept additional Orders for such Good until the end of the 6-month notice period. Seller may not discontinue manufacture of a Good until all outstanding Orders for such Good have been filled.

Seller will defend, indemnify and hold Buyer harmless for any non-compliance by Seller or its subcontractors.

18. MANDATORY FLOW DOWNS - Seller shall provide all of Buyer's flow-down requirements on its purchase orders, terms and conditions, or any other communication methods to its sub-tier suppliers. Seller and its subcontractors will comply with all mandatory flow down clauses, whether pursuant to a U.S. government contract or otherwise, applicable to Buyer for Goods that are the subject of this Order.

19. INDEPENDENT CONTRACTOR - Seller is and shall remain an independent contractor. No employee, agent, or representative of Seller or its subcontractors shall be deemed to be an employee of Buyer. Seller agrees to indemnify, defend and hold Buyer harmless from all claims based on injury to or by Seller's employees, agents, or representatives or those of its subcontractors.

20. ASSIGNMENT; SUBCONTRACTING - Seller may not assign its rights or obligations under this Order either voluntarily or by operation of law without the prior written consent of Buyer. Seller may not subcontract all or any substantial part of this Order without the prior written consent of Buyer. Any consent of Buyer will not relieve Seller of its contractual obligations under this Order.

21. UNITED STATES DEPARTMENT OF DEFENSE SPECIFICATION AND STANDARDS - All materials or equipment for aircraft construction listed herein to which the United States Department of Defense specifications and standards are applicable must comply with such specifications current as of the date of this order. Should such specifications be revised prior to shipment, Seller, by first obtaining written consent of Buyer, may furnish such material or equipment in accordance with the revised specifications.

22. GOVERNMENT ORDERS AND REGULATIONS - If the Goods covered by this Order are to apply on a U.S. government contract or subcontract, the Seller agrees to permit any inquiry by government officials and their authorized representatives into the cost and/or profits to the Seller through fulfillment of this Order. The Seller further agrees to absolve, in all respects, Buyer, its officials, and employees from any and all liability to Seller due to any costs, fines or other liabilities imposed upon Seller as a result of such investigation.

The parties agree that, in any effort to enforce the terms and obligations hereunder, the complaining party will first notify the other party in writing of the alleged dispute and the parties will attempt in good faith to resolve the dispute through prompt discussion and meeting between representatives having decision-making authority regarding the dispute. If the dispute is not resolved by the 30th day after written notice of the dispute was first made, the complaining party may seek appropriate legal action provided that either party may seek preliminary injunctive or other equitable relief at any time to prevent irreparable harm. The parties agree to personal jurisdiction in the state and federal courts in the state of Washington and that venue is proper in King County, Washington. Upon mutual agreement, the parties may engage a neutral mediator to facilitate resolution of the dispute.

24. CUMULATIVE REMEDIES; SET-OFF RIGHTS - All of Buyer's rights and remedies under this Order or at law are cumulative and non-exclusive. Payment to Seller under this Order is subject to set-off or recoupment for any present or future claims that Buyer or its affiliates may have against Seller or its affiliates.

25. LIMITATION OF BUYER'S LIABILITY - Any liability of Buyer for any breach of any term or condition imposed upon it, whether such term or condition is contained in this Order or otherwise, will not exceed the purchase price for the Goods directly involved in the alleged breach. Buyer will not under any circumstance be liable for consequential or incidental damages.

26. RIGHT OF ENTRY - During the performance of this Order, Buyer, its customer, and/or regulatory agencies, have the right of entry to determine and verify product quality, records and material at any place, including the plant of the Seller or of the Seller's subcontractors. Seller shall provide, at no additional cost, reasonable facilities and assistance for the safety and convenience of Buyer, its customer, and/or regulatory agencies. Buyer's acceptance of such product does not absolve the Seller of the responsibility to provide acceptable product, nor does it preclude subsequent rejection by Buyer's customer.

27. CEILING PRICES AND EXCESS PROFITS - By accepting this Order Seller affirms that the prices charged and to be payable hereunder are not and will not be in excess of applicable price ceilings, if any, established by the cognizant government agencies. Seller agrees to comply with and to be bound by all applicable laws and governmental regulations relating to the renegotiations of prices and excess profits. Buyer shall have no liability to Seller due to price reductions or refunds made or required to be made pursuant to any such law or regulation.

28. ENVIRONMENTAL POLICY - Buyer is committed to managing its operations in a manner that is environmentally responsible, and that protects the current and future environmental interests of the community within which it operates, as described in Buyer's environmental, health & safety policies and procedures. (4) Using, or conveying to others, any material information learned about Buyer or other companies that would reasonably be expected to affect the price of a security or would influence a reasonable person's decision to buy or sell a security if disclosed before it is made public, is prohibited and may be in violation of the insider trading law.

(5) If Seller becomes aware of any unethical behavior of Buyer, Seller must promptly disclose the situation in writing to a purchasing manager, human resource manager, plant or general manager of Buyer.

30. INDUSTRY SPECIFICATONS AND STANDARDS - For all military, federal, and industry specifications and standards, the supplier shall comply with the revision in affect at the time the Buyer's Order is issued.
